MANDALA CANVAS

Prima di cominciare

Questo libro è pensato per le sere di dicembre: forme ampie, zone grandi, nessun dettaglio minuscolo. Ogni tavola si colora in 15–30 minuti.

Accanto ai mandala tondi trovi, per la prima volta, disegni a pagina piena: una cornice sottile li chiude, così non devi colorare fino al bordo.

Consigli

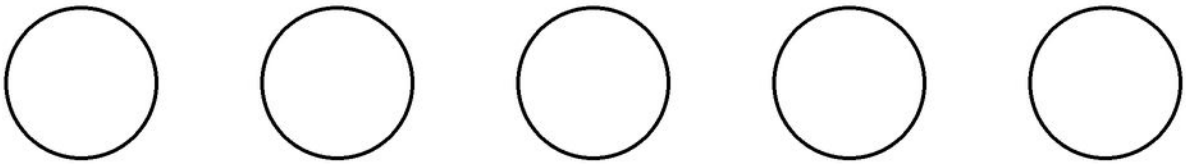

- ★ Ogni tavola è su una sola facciata con il retro nero, che nasconde le sbavature.
- ★ Matite, pastelli e pennarelli: tutto va bene, le zone sono sempre di almeno 1 mm.
- ★ Prova i colori nella pagina accanto prima di cominciare.
- ★ Un anello alla volta: non serve finire tutto in una sera.

Prova i tuoi colori

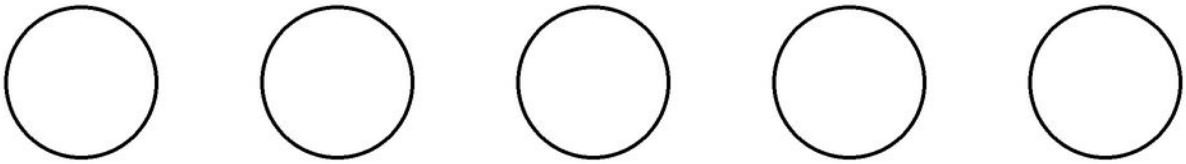

Tre palette natalizie da provare: annota sotto ogni cerchio il nome del colore
